EIGHT HIGH SCHOOL STUDENTS LOSE LIVES

By Associated Press.
WILKESBARRE, Pa., May 12.—Eight high school students, six girls and two boys, lost their lives today while boating on the paper mill dam, at Huntington mills, twenty miles below this city.

Twelve students from the Huntington high school secured two boats at the noon hour and started for a row. The dam is nearly half a mile wide and when the two craft reached the center it was noticed that one had sprung a leak. The two boats were then pulled together by the young men of the party and an effort was made to transfer the girls from the leaky boat to the safer one. The last one of the party had scarcely set foot in the boat when it began to sink.

PECULATION OF GOVERNOR CAUSES CHINESE RIOTS

By Associated Press.
VICTORIA, B. C., May 12.—Japanese refugees from Changsha, who arrived in Japan before the sailing of the steamer Kamkura Maru, say that speculation by Chinese officials was the cause of the recent outbreak. Mr. Suzuki, the Japanese postmaster, said when rice was distributed to the famine sufferers last year, Governor Tseng defrauded the people out of 20 per cent of the allowance of grain, and many died of starvation. The bodies were collected and buried in one grave, and the resentment against the governor, together with the fears of a returning famine, resulted in the outbreak that was followed by attacks on the missions of the foreigners. A widespread anti-dynastic movement is feared by the Chinese government.

Gives Facts and Figures Concerning Shipping of Freight From New York to the Pacific Coast.

By Associated Press.
WASHINGTON, May 12.—Agreeing to the proposition of Senator Elkins, to begin voting on the long and short haul amendments of the railroad bill tomorrow afternoon, the senate today took an advanced step in the consideration of the bill. The agreement provides that voting shall be concluded within a "legislative day." This is an elastic arrangement, and if the voting

is prolonged, there might be a delay until Saturday.

The last speech of the day regarding the long and short haul was made by Senator George S. Nixon, who said Nevada suffered more from the long and short haul discrimination than the others. As an illustration he said while the freight rate from New York to San Francisco, which is 3,000 miles, is about 80 cents a hundred, and that from San Francisco to Reno, about 254 miles, is \$1.29 per hundred.

JURY SECURED TO TRY FLANNERY FOR GRAND LARCENY

District Attorney Says He Will Prove That Defendant Made a Pact With a Gang of Swindlers.

By Associated Press.
SAN RAFAEL, Cal., May 12.—District Attorney Thomas Boyd made the opening address to the jury this afternoon in Judge Lennon's court in the case of Harry Flannery, the former president of the San Francisco police commission, who is on trial on a charge of grand larceny, growing out of the alleged connection with the men who conducted the recently raided fake pool rooms in Sausalito. The jury was completed at 3 o'clock this afternoon. In the opening statement Boyd said the prosecution would prove that Flannery had made a pact with Abbot and his companions to conduct a bunco operation in San Francisco, had known what they were doing in Sausalito and had promised to use his authority as a police commissioner to protect their "steers," who went to San Francisco to find victims.

Wickersham says he discussed the matter with the president, and supplied him with a mass of information bearing on the subject, but the summary was "necessarily made up afterward and properly bore the date upon which the matter contained was presented to and considered by the president."

Coincident in making public the letter, was the reply received from Oscar Lawler, assistant to Wickersham for the interior department, who was also concerned in the preparation of the letter of September 13th, 1909, exonerating Ballinger and dismissing Glavis, stating he had kept no copy of his memorandum. Lawler says he prepared the resume at the request of the president and delivered it to the attorney general.
